Request for one Year Placement Program

Respected Sir/Mam,

I am writing as I am looking for a one-year Placement Program at composite Industry to complete my Masters and willing to continue my career in same company, I have a strong academic background in Mechanical Engineering and Published a Research Paper on composites entitled as **“Utilization of Banana Fiber-Reinforced Hybrid Composites in the Sports Industry”** and I am currently studying towards an MSc in Engineering Management at Greenwich University, and doing my thesis on **“Review on Methods for Synthesis, Additive Manufacturing And Applications Of Nanocomposites”**.

In my part time job to fulfill my needs, Through my 7 months of as an Assistant Store Manager at Papa John’s, I have demonstrated a keen ability to lead and influence internal and external stakeholders across the business, utilizing my communication and ideation skills. Additionally, I effectively managed the food budget, labour costs, food quality, product sales, and consumer reactions. Beside this I also run my own startup, The Books Yard. Based in Pakistan, it is an online bookstore and publishing house and I am proud to say that I have published a couple of young authors free of cost, which became my marketing assets in the future. I feel this demonstrates my ability to use initiative and to take on roles of responsibility.

I am sure, given the opportunity, I can add significant value to your organization, utilizing my aforementioned business skills, relevant experience, and education. This placement will help me in completing my master’s as well, as well as develop my practical skills. I am hoping for an opportunity to discuss my interests and qualifications further in an interview further. I have enclosed my CV for your review. Thank you for your time and consideration.

Sincerely,
Umair Ali
