

Composites UK will again be hosting the UK Pavilion at JEC World in Paris, from 5 - 7 March 2024. The pavilion is aimed at UK companies who may not have the budget or resource to exhibit at the show on their own merit by providing a 'turn-up-and-go' pod package.

## UK PAVILION EXHIBITOR PACKAGE

Within the JEC UK Pavilion Exhibitor Package, you receive:

**A 1m pod stand on the UK pavilion** with approximately 30 other companies for the duration of the show.

The pod includes:

- A 43" TV for you to loop a company video or presentation.
- A lockable cupboard, which acts as a shelf for brochures or samples.
- An electricity point for charging small devices/laptops.
- Uniform UK pavilion branding throughout the stand. Your high-resolution logo will be placed into our template and displayed at the top of your pod.

**Support from the Composites UK team** at the show.

This includes:

- Directing attendees who visit the stand to your pod.
- Taking enquiries on your behalf should you not be available.
- Greeting your guests when using the meeting tables.

**Business development opportunities** – The pavilion historically attracts a very high number of visitors and potential customers to its stand as the focal point for the UK's presence at the show at around 170sqm in size.

**Use of informal meeting space** - to hold 1-2-1 meetings on the stand (a booking system will be in place) with shared access to on-stand refreshments.

**JEC** PARIS-NORD  
VILLEPINTE  
**WORLD**  
**2024** The Leading  
International  
Composites  
Show

**An opportunity to invite clients to the networking reception**, held on the afternoon of the 2nd day of the show.

**Marketing, advertising and promotion** of your involvement through Composites UK's channels and the UK Pavilion website.

**The JEC registration package is also included** free-of-charge (usually charged at €1800 per company) so you will be visible in the showguide and listed on the event website.

## SPEAK TO US

We welcome both members and non-members of Composites UK onto the UK Pavilion (as long as you have an address in the UK). Speak to us today about your participation or email us on [events@compositesuk.co.uk](mailto:events@compositesuk.co.uk).
