

## SOCIAL IMPACT AWARD

**WINNER: GRP Solutions Ltd**

GRP Solutions is a leading distributor to the glass reinforced plastics industry partnering with global leading suppliers such as Ineos and Jushi Group.

The success of the business has been built on the strength of its team and the culture of the business to "Do the right thing" and to be fully engaged within the community.

Culture is such an important part of the business that it has its own Director of People, Culture and Community.

The business is involved in a wide number of community projects ranging from education, social inclusion, mental health and hospice care.

Each of the charity partners is part of the GRP Solutions family and the business provides advice, support and linkages between all the partners. GRP Solutions is always looking to leverage its support so that it has the greatest impact.

"Business has to be at the heart of community and this means driving change."
