

## EMPLOYER OF THE YEAR AWARD

**WINNER:** Leybold UK Ltd

Leybold is based in Chessington, UK, where we have a fully equipped service workshop with in-house engineers who service and repair a wide range of vacuum pumps and equipment. We also have five field-based service engineers who support customers' at their locations with service and maintenance of their vacuum equipment. Chessington is also home to the Customer Care team, Technical Support, Marketing, HR and Finance, supported by our field-based Sales team.

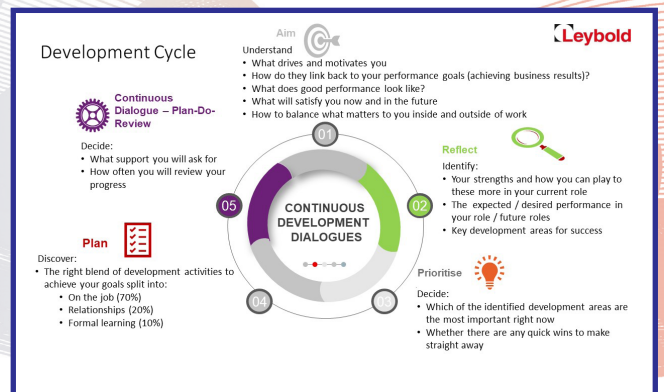

Our core values are Interaction, Commitment and Innovation, and we believe passionate people create exceptional things. We promote a culture of lifelong learning, constructive feedback and self-development to enable people's full potential.

Focus areas over the past 12 months to make Leybold a "Great Place to Work" include:

- Development of our early careers framework and outreach plan with local colleges, and we currently have two engineering apprentices and one digital apprentice within the business.
- Embed continuous development framework into the appraisal system where individuals are responsible for their own personal growth.
- All staff have training plans as part of their personal objectives with a target minimum of 40-hour of self-requested learning per year.

Leybold focusses on creating an open, caring, and inclusive environment, where people are able to bring their whole self to work, free from any negative judgements or biases, and to feel like they belong.
