ENGINEERING**

30 & 31 October 2024, NEC

400+ exhibitors

5 technical forums

9,000 attendees

180+ speakers

80+ supporting partners

ABOUT US

Composites UK is hosting a pavilion stand at Advanced Engineering 2024 for the third year running.

The stand, which can house up to 12 companies, is 64sqm in size with pods available to both members and non-members of Composites UK, who are looking for a low resource, low cost way of exhibiting at the show.

Composites UK has been a headline supporting partner of Advanced Engineering since 2010.

About Composites UK

Composites UK provides each of its members with the opportunity to be better informed, to develop their network, collaborate, and to promote their business, in the UK and overseas, such that they can capitalise on the growth of the global composites market.

Its vision is to become the Premier Trade Association for the UK composites sector, by working with its members, partners and government to create the most supportive environment for innovation and sustainable growth.

WHY EXHIBIT WITH US?

NO RESOURCE? NO PROBLEM!

All of the pre, onsite and post event management is done by the Composites UK team providing you with a stress-free experience.

You will need to complete your online exhibitor profile, provide us with your company logo and the video for your TV - and that's it other than to decide on which brochures and samples to bring on the day!

GENERATE QUALITY LEADS

The pavilion will attract a large amount of visitors, and more importantly, the right visitors.

The stand is an eye-catching, easy-to-find prime space situated in Hall 3a - it can't be missed!

Composites UK will be inviting its OEM/tier 1 contacts to visit the stand.

BE PART OF OUR COMMUNITY

Get to know members of the Composites UK team and learn more about how we can help you beyond the Advanced Engineering Show.

You'll also have 11+ other companies around you on the pavilion across the two days - they could turn out to be your next big client or partner.

ONSITE SUPPORT

The Composites UK team will be on hand, not just to help out with your presence onsite, but to disseminate enquiries from attendees on the day from our reception desk, introducing you to visitors you may not have met otherwise.

PROMOTIONAL SUPPORT

By joining the pavilion you're one of us - we want you to get the most from exhibiting.

That's why we will promote your presence on the stand on our websites, news releases and social media posts.

We'll even provide you with graphics you can use as well.

EXHIBITOR GUIDANCE

New to exhibiting or want to learn new ways to get the most return on your investment?

We'll be sending all of our exhibitors valuable information with hints and tips about what you can do to make the most of your place on the member pavilion.

THE PACKAGE

Our detailed package includes all that you need for your presence on the Composites UK pavilion stand at Advanced Engineering 2024!
