

APPRENTICE OF THE YEAR AWARD

SHORTLISTED: Kazeema Kaleem

Kazeema brings a bright and enthusiastic approach to work every day - she is hungry to learn and improve both technically and personally.

She integrated rapidly in the team - and was quickly seeking out new challenges beyond her initial scope - providing significant impact to the group.

For Kazeema to be operating autonomously as a team subject-matter-expert within her first year of employment paints a picture of her commitment and dedication.

Syensqo is incredibly proud to have Kazeema in its team and can't wait to see how she continues to grow and soar!
