

SOCIAL IMPACT AWARD

SHORTLISTED: Collins Aerospace

Collins Aerospace in Banbury, UK has more than five decades of experience in designing, qualifying and manufacturing high-performance structural and non-structural aerospace composite products for military and commercial applications.

We take great pride in focusing on our employees, both in terms of advancing our talents and promoting a diverse workforce, by investing and expanding employee skills, as well as supporting the communities where our employees live and work.

Collins Aerospace is committed to community relations and inspiring youth through Science, Technology, Engineering and Mathematics (STEM) educational opportunities. In 2024 alone, the Banbury site managed 11 STEM events, offered work experience placements for three student groups, initiated two fundraisers and sponsored four community events, raising over £2,000 for charitable causes through several hundreds of voluntary hours.
