

APPRENTICE OF THE YEAR AWARD

FINALIST: Freddy Beard

Freddy Beard has quickly established himself as a valued member of the CAD department at DK Holdings with his proactive approach.

He supports diamond tooling projects with precision and commitment, contributing ideas that have improved designs and offering reliable support to colleagues whenever required. His willingness to learn sees him gaining hands-on experience across departments, from machining to electroplating, which broadens his knowledge and strengthens the team as a whole.

Freddy's positive attitude, enthusiasm and ability to work seamlessly with colleagues set him apart. With curiosity, dedication, a strong grasp of engineering fundamentals and a genuine drive to succeed, he is developing into an outstanding engineer and represents the future of UK Manufacturing.
